Docket No. 98N-1265 783 99 JUN -2 A11:17

Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: The quality of my life is much improved thanks to my relationship with the staff of my pharmacy "across state lines." They speak with my doctor and myself to get the amount of my prescriptions just right for me. Their prices also help to make my hormonal replacement tolerable. Please consider all the lives that will be negatively impacted by the FDA's draft being passed. Medicine is not a "one size fits all" remedy, I need my individual compound to meet my individual needs, not to mention my individual weight, body size, & chemistry. Thank you! c3067
